1989 Newtonian

Supplement to Volume 79

Newton North High School
360 Lowell Avenue
Newtonville, Massachusetts 02160

Dedication

We were saddened by the unexpected death of Mrs. Barbara Killion during Thanksgiving week.

Mrs. Killion served as Director of the Reading and Study Center for twenty-five years. In addition, she served on the Student Faculty Administration Board since its inception in 1972 and supervised student body elections.

Many of us knew her to be an extraordinary teacher and a loyal friend. She touched the lives of many people at Newton North with her professional skills as well as with her eagerness to help. We remember how her room was always open to anyone who walked in, whether for academic reasons, advice or listening support. We recall with gratitude how Mrs. Killion pushed us to be better human beings.

Her commitment to our class and those of previous years will never be forgotten. Her loss is felt deeply. Newton North will not be the same without her.

With fond memories and enduring appreciation we dedicate the 1989 Newtonian to:

Mrs. Barbara Killion.

CONGRATULATIONS! You've made it! Now sit back and enjoy a book that recaptures your senior year at Newton North High School.

The Supplement to Volume 79 will take you through a typical, or not so typical, day at Newton North. You will experience "a little bit of everything," from the depths of the first floor to the playing fields.

Each photograph captures a moment of your final year and tells a different story. It is through these pictures that you can relive the academic and social experiences you had in high school.

Your days at Newton North have ended, but the memories do not have to. Open the book and see for yourself...
